26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, and approach to adapt or mitigate the risk along with its financial implications, as per the following format.

S. No.	Material Issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Supply Chain Management	Risk & Opportunity	Risk: Supply chain management can pose risks for the Company due to supplier reliability issues, production delays, quality control challenges, and inventory management complexities. Transportation and logistics disruptions and market dynamics further compound these risks. Effective supply chain strategies are essential to ensure smooth operations. Opportunity: Supply chain management presents opportunities to enhance efficiency, reduce costs, and improve customer satisfaction. The Company can gain a competitive edge by optimizing sourcing, production, and distribution processes. Strong supplier relationships and streamlined logistics can also enable faster time-to-market for new products, better inventory management, and increased flexibility to adapt to market trends.	The Company has developed a responsible growth model that involves continuously strengthening its supply chain management and operations. It studies market trends, embarks on strategic initiatives, and sources the highest-grade materials. The Company has diversified its suppliers, implemented robust quality control, utilized advanced planning and forecasting, facilitated collaborative relationships, and developed contingency plans. These measures help enhance supply chain visibility, optimize processes, and improve resilience to disruptions, ensuring smoother operations and better risk management.	Negative & Positive
2	Product Stewardship - Quality & Safety	Risk & Opportunity	Risk: Poor product stewardship regarding quality and safety in innerwear manufacturing can lead to product defects, safety hazards, and potential legal liabilities, damaging brand reputation and customer trust. Opportunity: Prioritizing product stewardship ensures consistent quality, safety compliance, and customer satisfaction. Product quality and safety enhance brand reputation, fostering customer loyalty, which helps in gaining a competitive edge in the market.	To mitigate risks in product stewardship, the Company is implementing rigorous quality control measures, adhering to safety standards and regulations, conducting regular product testing, investing in employee training on product quality protocols, and establishing clear communication channels with suppliers to ensure the use of high-quality materials. Also, fostering a culture of accountability and continuous improvement within the organization can help maintain product quality throughout manufacturing. Regular audits and inspections can also help proactively identify and address potential issues, ensuring that products meet the highest quality standards before reaching consumers.	Negative & Positive

S. No.	Material Issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3	Corporate Governance	Opportunity	Corporate governance establishes a framework of rules and practices that govern how the organization functions and aligns the interests of all its stakeholders. It presents a unique opportunity for companies to enhance their reputation, access capital more easily, and reduce risks through transparent and accountable practices. Good corporate governance promotes ethical business practices, which ultimately leads to financial stability and the potential to attract investors. As a listed entity, the Company prioritizes identifying, adopting, and consistently following best corporate governance practices to ensure improved financial performance and stakeholder trust. This helps attract top talent, drive long-term sustainability, and promote innovation.	NA	Positive
4	Innovation Management	Risk & Opportunity	Risk: Due to a lack of continuous innovation, the Company's products may become outdated compared to competitors' products. This can lead to a decline in market share and customer satisfaction and have a negative financial impact. Opportunity: The Company is expanding its brand's offerings beyond men's innerwear and cater to a wider age range that includes women and children. By staying ahead of trends and offering innovative designs, materials, and features, the Company differentiates itself from competitors, attracts new customers, and strengthens brand loyalty.	For over 50 years, the Company has focused on innovation, consumer satisfaction, and market research to transform its brand architecture. A few years ago, the Company restructured its brand architecture to establish 'Dollar' as the Master Brand by unifying its product and corporate brands. The restructured 'Dollar' brand is now divided into crucial segments catering to different consumer sets: Man, Woman, Junior, Always, Thermals, and Protect. Each segment offers a unique collection developed based on extensive market research, the latest trends, and a commitment to ongoing innovation.	Negative & Positive
5	Market Presence	Opportunity	The Company has significant opportunity to expand into newer product segments such as athleisure, rainwear, socks, and womenswear. Following deep market research, innovation, planning, and coordination with teams, the Company overhauled its entire brand architecture and is now present in every part of the country.		Positive

S. No.	Material Issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Customer Relationship Management	Risk & Opportunity	Risk: Customer Relationship Management (CRM) is crucial for the Company and can pose risks if not managed effectively. Poor handling of customer relationships can damage the brand's reputation. It also leads to dissatisfaction among customers and increases returns and refunds. Poor management of customer relationships can erode customer loyalty, which results in missed opportunities. Opportunity: Effective customer relationship management allows the Company to build strong, lasting relationships with customers. By offering personalized experiences and gathering feedback, the Company can enhance customer satisfaction and loyalty. Leveraging data insights enables targeted marketing and increased customer lifetime value, giving the Company a competitive edge in the market, strengthening its brands, and driving growth.	The Company conducts regular reviews to determine whether the controls work effectively and efficiently. It creates and applies guidelines to the employees to handle customer complaints efficiently. The Company always tries to cater to the ever-changing needs of the millennial generation by establishing a seamless connection with them. The Company prioritizes proactive customer service, staff training, feedback utilization, data security, and effective use of CRM systems for personalized marketing and product offerings.	Negative & Positive
7	Innovation and Technology	Opportunity	Innovation and technology offer the Company opportunities to improve product quality, sustainability, and customer engagement. Advanced materials and manufacturing techniques enable the development of comfortable and functional innerwear. Technology enhances production efficiency and optimizes supply chains. By leveraging the available technologies like Automated Telecalling, Auto Replenishment System (ARS), and Distribution Management System (DMS), the Company has significantly improved customer engagement through digital communication, resulting in better brand recognition. The technology helps them communicate with all retailers simultaneously, keeping them informed about price changes, promotions, policies, and new products. The technological advancements set the Company apart and drive customer satisfaction and long-term growth.	NA	Positive

S. No.	Material Issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
8	Raw Material Sourcing & Efficiency	Risk & Opportunity	Risk: Supply chain vulnerabilities, price fluctuations, and operational inefficiencies can cause risks to the Company's raw material sourcing and efficiency. Poor quality of the raw material leads to low-quality production. Dependency on limited suppliers can lead to disruptions, while inefficiencies in procurement processes can result in production delays and inventory issues. Opportunity: Efficient raw material sourcing presents a significant opportunity for an innerwear company to enhance its operational performance and competitive advantage. The Company can secure high-quality materials at competitive prices by establishing strategic partnerships with reliable suppliers and optimizing procurement processes. Investing in sustainable sourcing practices can reduce environmental impact and strengthen brand reputation and market positioning. Additionally, improving efficiency in raw material utilization through waste reduction initiatives and innovative production techniques can lead to cost savings and enhanced profitability.	The Company has developed strong relationships with its diversified pool of suppliers to reduce risks in raw material sourcing. Strategic inventory management helps to balance supply and demand fluctuations, while sustainable sourcing practices enhance brand reputation and compliance with environmental standards. Continuous improvement initiatives, supported by technology adoption, streamline processes and optimize resource utilization. Employee training fosters a culture of innovation and efficiency. These strategies enable the Company to navigate supply chain complexities effectively and drive operational excellence. Additionally, the Company sources raw materials from nearby areas and collaborates with their vendors to improve their capacities and capabilities.	Negative & Positive
9	Climate Strategy - Energy and Emissions	Risk and Opportunity	Risk: Greenhouse gas emissions contribute to global warming and climate change. The Company's reliance on fossil fuels increases its carbon footprint. Effective energy management is essential to reduce emissions. Opportunity: Investing in climate change mitigation through renewable energy implementation allows the Company to significantly reduce its environmental footprint and has positive financial impacts. These efforts enhance the Company's brand reputation, demonstrating a strong commitment to sustainability.	The Company intends to shift its reliance on conventional energy sources to renewable energy sources. It is equipped with a 12 MW solar plant and windmills with a capacity of 4.95 MW to ensure that its production units are self-reliant and reduce dependence on fossil fuel energy sources. The Company will continue to implement greener practices in its manufacturing units and work proactively towards a better and greener tomorrow.	Negative & Positive
10	Diversity and Inclusive Workforce	Opportunity	Embracing diversity within the workforce fosters creativity, innovation, and fresh perspectives, inspiring the development of unique product lines that cater to a broader range of customers. Diverse teams are better equipped to understand and meet the varied needs of consumers, leading to more effective marketing strategies and enhanced customer satisfaction. Additionally, promoting a culture of inclusion attracts top talent, improves employee retention and morale, and results in a more engaged and productive workforce. By supporting diversity and inclusion initiatives, the Company strengthens its brand reputation and fosters meaningful connections with customers.	NA	Positive

S. No.	Material Issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
11	Employee Engagement and Well-being	Risk & Opportunity	Risk: Poorly engaged employees may be less attentive to safety protocols, increasing the likelihood of accidents. Disengaged or dissatisfied employees are more likely to leave their jobs. High turnover can disrupt production schedules, increase recruitment costs, and affect overall morale. When employees are disengaged or experiencing poor well-being, productivity declines, resulting in missed deadlines, quality issues, and increased production costs. Reports of poor employee well-being or engagement can tarnish the Company's reputation, which might deter potential employees, customers, and investors. Opportunity: A positive work environment and better employee well-being boosts productivity and efficiency. Engaged employees are more innovative and contribute ideas for improvement. By fostering engagement, companies connect their workforce's creativity and problem-solving skills. High employee well-being reduces absenteeism, ensuring consistent production and minimizing disruptions. Prioritizing engagement and well-being makes a Company an attractive employer, reducing recruitment costs and enhancing its brand.	The Company mitigates the risks to employee well-being by implementing comprehensive safety protocols, ergonomic measures, and health and wellness programs. It fosters open communication channels to boost engagement and offers recognition for contributions. By implementing risk-reward analysis and flexible scenario planning, the Company ensures the judicious deployment of its resources. The Company has also created a safe and encouraging workplace that empowers its employees with numerous opportunities to pursue their interests while aligning their goals with the Company's objectives.	Negative & Positive
12	Community Development	Opportunity	The Company is committed to business sustainability and firmly believes in continuously developing innovative ideas for community development. It has established the Dollar Foundation and implements various initiatives aimed at empowering communities. These initiatives focus on areas such as healthcare, education, environment, and community interventions and are designed to enhance well-being, address the needs of marginalized communities, and transform society.	NA	Positive
13	Responsible Marketing and Brand Perception	Risk & Opportunity	Risk: Irresponsible marketing can expose the Company to reputational damage and potential legal action from regulatory authorities. Marketing risk encompasses the possibility of failures or losses throughout any marketing activity, from production to promotion. This risk can arise from various factors, such as pricing a product incorrectly or selecting inappropriate channels to reach the target audience. Opportunity: Responsible marketing allows the Company to differentiate itself and enhance brand perception. By implementing effective and responsible marketing strategies, the Company can enhance brand loyalty, attract new customers, and build a positive reputation, ultimately driving long-term growth and profitability.	The Company is committed to responsible marketing practices, adhering to ethical advertising standards, and actively engaging with customer feedback. It ensures that all products have legally compliant product descriptions.	Negative & Positive

Governance, leadership, and oversight

7. Statement by director responsible for the business responsibility report, highlighting ESG-related challenges, targets, and achievements (listed entity has flexibility regarding the placement of this disclosure)

At Dollar, sustainability is an integral part of our business strategy and long-term growth. We are committed to conducting our operations responsibly by integrating environmental, social, and governance (ESG) principles into our decision-making while creating lasting value for our stakeholders.

Our focus on environmental stewardship is reflected in our investment in renewable energy, with 12 MW of solar power and 4.95 MW of wind power supporting our operations and contributing to a cleaner energy future. We are equally committed to building an inclusive supply chain, with nearly 50% of the Company's cotton requirement for spinning operations sourced from small credit societies of cotton-producing farmers, strengthening local communities and promoting responsible sourcing.

As we move forward, we will continue to enhance our sustainability performance through innovation, operational excellence, ethical governance, and stakeholder collaboration. I extend my sincere gratitude to our employees, customers, suppliers, shareholders, and all our stakeholders for their continued trust and support as we work together towards a more sustainable future.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE.

Essential Indicator

- Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2025-26	FY 2024-25	Details of improvements in environmental and social impacts
R&D	0	0	-
Capex	57%	0	The company expanded its solar power plant by 4 MW, increasing total installed capacity to 12 MW.

- Does the entity have procedures in place for sustainable sourcing? (Yes/No)**
Yes, the Company promotes responsible sourcing by partnering with suppliers that align with its responsible and ethical standards. It emphasizes the procurement of BCI-certified cotton, GOTS-certified yarns, and Oeko-Tex-certified chemicals and dyes to encourage environmentally responsible manufacturing practices. Sustainability considerations are integrated across the supply chain to strengthen responsible business operations and reduce environmental impact.
 - If yes, what percentage of inputs were sourced sustainably?**
Approximately 50% of the Company's cotton requirement for spinning operations is sourced from small credit societies of cotton-producing farmers, supporting local procurement and inclusive supply chain practices.

- Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

As a hosiery manufacturer, our products textile-based garments are not subject to formal end-of-life reclamation systems. These items are typically disposed of by consumers through regular household waste streams, and there is currently no regulatory requirement for take-back or recycling of used hosiery. Further, the Company adheres to robust waste management practices and has implemented effective processes to ensure responsible disposal. All hazardous waste including plastic waste generated during operations is managed through CPCB-authorized vendors, reinforcing its commitment to sustainable waste management.

- Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

The company is in the process of strengthening the EPR program.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The process for consultation between stakeholders and the Board on ESG topics involves structured engagement through various Board-appointed committees such as the Corporate Social Responsibility (CSR) Committee, Risk Management Committee and Audit Committee. Stakeholder feedback on ESG topics is collected during stakeholder engagement activities. This feedback is crucial for assessing the Company's ESG performance and related matters. The insights gathered are then presented to the Board and its respective committees during scheduled meetings. This process ensures that stakeholder feedback is meaningfully integrated into the Company's strategic deliberations, enabling the Board and management to make informed decisions aligned with sustainability priorities and stakeholder expectations.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

The Company follows an inclusive approach to decision-making by actively engaging and consulting with stakeholders. Key environmental, social, and community-related issues are identified, prioritized, and addressed through appropriate strategies and implementation measures.

3. Provide details of instances of engagement with and actions taken to address the concerns of vulnerable/marginalized stakeholder groups.

The Company remains steadfast in its commitment to addressing key social, environmental, and economic challenges faced by marginalized and underprivileged communities. Guided by its CSR Policy and a shared value approach, the Company designs and implements targeted initiatives that are aligned with comprehensive community needs assessments, ensuring high impact and relevance.

For FY 2025-26, the Company's CSR efforts are focused on the following priority areas:

- **Education: Supporting access to quality education through the establishment of new schools and the provision of essential learning materials such as books, uniforms, and nutritious meals.**
- **Gopalan (Cattle Welfare): Sustaining the care and maintenance of 800+ cows, contributing to animal welfare.**
- **Healthcare: Enhancing medical infrastructure and services by donating medical equipment to hospitals, organizing health camps, and distributing essential medications to underserved populations.**
- **Social Services: Partnering with NGOs and charitable foundations, maintaining public water huts, and supporting a range of community welfare programs.**

S. No.	Specify the law/regulation/ guidelines which was not complied with	Provide details of the non-compliance	Any fines/penalties/action taken by regulatory agencies such as pollution control boards or by courts	Corrective action taken, if any.
	Yes, the Company is compliant with all applicable environment-related laws.			

Leadership Indicators

1. Water withdrawal, consumption, and discharge in areas of water stress (in kilolitres):

For each facility/plant located in areas of water stress, provide the following information:

- Name of the area.
- Nature of operations
- Water withdrawal, consumption, and discharge in the following format:

Parameter	FY 2025-26	FY 2024-25
Water withdrawal by source (in Kilolitres)		
(i) Surface water		
(ii) Groundwater		
(iii) Third-party water		
(iv) Seawater / desalinated water		
(v) Others		
Total volume of water withdrawal (in kilolitres)		
Total volume of water consumption (in kilolitres)		
Water intensity per rupee of turnover (Water consumed / turnover)		
Water intensity (optional) – the relevant metric may be selected by the entity		
Water discharge by destination and level of treatment (in kilolitres)		
(i) Into Surface water		
- No treatment		
- With treatment – please specify level of treatment		
(ii) Into Groundwater		
- No treatment		
- With treatment – please specify level of treatment		
(iii) Into Seawater		
- No treatment		
- With treatment – please specify level of treatment		
(iv) Sent to third-parties
